

Perpetual Motion Booster Club

October 1, 2007

To:

From: Perpetual Motion Booster Club

This letter is written on behalf of the young women of the Perpetual Motion Gymnastics Club, a group dedicated to the growth of physically fit and mentally strong preteen and teen girls through the challenging sport of gymnastics. The commitment and discipline that each girl chooses to adopt to rise to competitive levels in this sport lead to high self-esteem and strong self-worth in later life.

To maximize the potential for each young woman in the club, the Perpetual Motion Booster Club strives to offset the considerable cost to the club and parents that is associated with a first-class gymnastics program. While some parents cover all expenses for their children, many others cannot easily afford these costs. A significant number simply cannot meet the obligation without help. As is customary with many gymnastics teams, the Perpetual Motion Booster Club works hard to raise funds to offset these costs. Club bylaws require that club funds be equally distributed among expenses for all team members.

The major source of funds comes from hosting gymnastics meets. Our 10th annual Winterfest Invitational gymnastics meet is January 19th and 20th. This meet will bring in over 300 gymnasts from all over the 5-state region. We are asking for your support by purchasing an ad in our meet program. Your ad will help reduce the printing costs and support our local area gymnasts. Please see the attached order form.

Sincerely,

Barb Laabs
